

DIVISION OF RESPIROLOGY

CME Fellowship in Respiratory Research

Academic Year July 1 - June 30

The CME Fellowship in Respiratory Medicine provides \$60,000 in salary support for national or international graduates to apply to undertake training in a respiratory-related field for one year. There will be up to one award per year.

ELIGIBILITY AND TERMS OF REFERENCE

1. Applicants can be both internal and external, national or international.
2. The training must be in a respiratory-related field and must be done at the University of Toronto and/or its affiliated teaching hospitals or research institutes under the supervision of a University of Toronto Respiriology faculty member.
3. Fellowship training can be research, education, quality improvement or clinical. Priority is given to research training.
4. Where possible candidates must apply for other sources of funding, either full or partial.
5. Priority is given to people applying to a Division's areas of excellence (Lung Transplantation, Sleep Medicine and Control of Breathing, and Cystic Fibrosis). Please note anyone can apply in any respiratory-related field.
6. Priority is given to individuals applying to programs that do not have their own source of fellowship funding.
7. Deadline for applications is November 15. Please send applications and related documents in PDF format by email to: Respirology@utoronto.ca with copy to Douglas.Bradley@utoronto.ca
8. Applications will be reviewed by the CME Fellowship Review Committee.
9. Applicants must possess a PhD, MD, or equivalent degree and be no more than two years beyond completion of their graduate degree or medical training.

YOUR APPLICATION & SUPPORTING DOCUMENTS

1. Your Application Form with you and your proposed supervisor's **original signatures**
2. Your 400 word proposal (12 point font)
3. Applicant's up-to-date curriculum vitae and a list of your referee names and their email contact info
4. Proposed supervisor's letter of support must indicate if they have access to other sources of funding for this fellowship.
5. In addition to the 4 items above, 2 additional letters of support are needed (for a **total of 3 letters**):
 - a. One from the applicant's current clinical training program director, plus one other referee; (2) OR
 - b. If the applicant is not currently in a clinical training program, two letters of reference (2);
6. Letters of reference must be on letterhead, *signed with original signatures* and addressed to the CME Fellowship Review Committee, and emailed directly to Respirology@utoronto.ca
7. The applicant is responsible to see that all documents are received on time: **incomplete or ineligible applications will not be considered.**
