

Transition to Practice EPA #3**Planning and completing personalized training experiences aligned with career plans/or specific learning needs****Key Features:**

The achievement of this EPA is elective

- This EPA allows the resident to individualize training to meet the needs of their intended community and/or personal career goals
- This EPA may be applied to more than one distinct training experience (e.g. including but not limited to medical, surgical, imaging, public health training experiences)
- This EPA may be used for any structured training experience: clinical or academic
- The assessment of this EPA is based on the achievement of outcomes identified by the resident and approved by the program director/program committee. These outcomes must be SMART (specific, measurable, achievable, relevant, timely)

Assessment plan:

Competence Committee, program director, and supervisor review of resident's plan and outcome

Use Form 4.**Relevant Milestones:**

- 1 S 1.1** Create and implement a learning plan
- 2 S 1.1** Develop and document a structured approach to monitor progress of learning, including identifying timelines and accountabilities
- 3 S 1.1** Develop clear outcomes to assess progress of learning
- 4 S 1.2** Identify a specific area for improvement related to the needs of their intended community and/or career goals
- 5 L 4.2** Adjust educational experiences to gain competencies necessary for future practice
- 6 HA 2.3** Identify and respond to unmet health care needs within one's practice
